PROFESSIONAL OVERVIEW

4th-year Mechanical Engineering student with hands-on experience in **UAV systems, electric powertrains, motorsport engineering, factory logistics optimization, and high-voltage EV systems**. Proven ability to work in multidisciplinary engineering teams, conduct testing and analysis, and take responsibility in safety-critical environments.

WORK EXPERIENCE

FORD OTOSAN – Press Production Engineering

Internship 2025

- Worked on **time optimization** and **efficiency** improvement in internal factory logistics
- Analyzed material flow, handling times, and operational **bottlenecks**
- Contributed to productivity improvement proposals within a real production environment

BAYKAR TEKNOLOJİ – Lightweight Platform Design

Internship 2025

- Designed lightweight UAV mechanical components
- Conducted climate, ingress protection (IP), and environmental durability tests
- Supported mechanical stress analysis for structural reliability
- Participated in iterative **design-test-redesign** cycles for **aerospace-grade** systems

TEKNOFEST 2023 – 2025 – Occupational Health and Safety Officer

Part Time

- Responsible for on-site safety supervision during large-scale engineering competitions
- Ensured compliance with occupational health and safety regulations

Electric Powertrain Team Member & Mentor – YTU Racing

2022-2024 Team member, 2024+ Mentor

- Designed and analyzed electric powertrain subsystems in both hardware and software.
- Mentored junior team members in EV fundamentals and system integration
- Supported vehicle reliability, testing, and competition preparations.

EDUCATION

Mechanical Engineering (B.Sc.)

Yıldız Technical University

2021-2026

High Voltage and Electric Vehicles Program

Yıldız SEM 2024

SKILLS

CAD Design

PCB Design

Simulation and Modelling

Mechanical and Electrical

Analysis

High Voltage

ACHIEVEMENTS

Ford OTOSAN BATTERYX INNOVOLT ENGINEERING CHALLENGE 2024

2ND Place

TOFAŞ AKADEMİ – Power Systems Control, Calibration and Electrification Program

Highest Score on Written Test

PROFESSIONAL DEVELOPMENT

ESO – Formula Student Alpe Adria 2024a

Scrutineering Judge – Formula Student Turkey 2025
